Plane Arrives to Start Survey of 21 Counties

Boys with sling shots have been doing some damage in the way of breaking windows and shooting promiscuously. Parents should look into this matter and put a stop to it. Boys should be sent to the playgrounds at the High School where Prof. Mahew will help pass away their time and keep them out of devilment.

A trip from Sikeston to Reel Foot Lake Tuesday took us through some of the finest farm land in New Madrid county that one would want to see. Corn and cotton looked fine, tractors and cultivators doing a wonderful work in the fields, while hundreds of men, women and children were chopping cotton. This led us to wonder if it would be a great help at this time if the bridge clubs couldn't organize, don their bloomers and chop cotton for a few days on a wager of a pair of stockings, a smoker set or cocktail outfit. This would be a good exercise, take the place of the ordinary reducer diet and put in their faces the beautiful color that sun and wind brings.

Prof. White, the long range prognosticator from somewhere was in Sikeston Tuesday and visited The Standard office. He is 78 years of age, well kept and fine looking and stated that he grew up in the days when men drank good liquor and the women wore clothes.

Much concern and quite a bit of comment was aroused by the announcement that our newest civic organization, the Woman's Junior Chamber of Commerce, was about to enter the editorial field with a news publication. Interest rose rapidly to new highs when the proposed name of the new sheet was noised about. The first issue, and a very creditable one, came off the press the first of this week and it was with a sigh of relief we read, "Chamber M-a-i-d." These nouns and verbs can really mix us up sometimes.

January 7, 1937, Princess Juliana of Holland and Prince Bernhard Ju Lippe-Biesterfeld of Germany were married and now papers carry the news that the blessed event is an assured fact in due course of time.

There is no use for church people to expect The Standard editor to tear his shirt because some of the grocery stores remain open on Sunday. We were not raised to fish, hunt or work on Sunday and unless the ox is in the ditch plumb up to his chin we are not going to pull him out on Sunday. So far as fishing and hunting on Sunday is concerned, we never did and never expect to. If you wish to fish, hunt or work on Sunday that is up to your conscience, God Almighty and the law. However we don't believe you need fear the Sikeston law in anything you wish to do. The plowing and harvesting on Sunday to make a crop and save a crop is the common sense thing to do and we believe all will be for given.

If you haven't driven around over Sikeston lately you should do so in order to see the new houses going up and recently built, the water lines laid, the sanitary sewers installed, the well kept lawns and the freshly painted houses. We don't mean to travel the paved streets, but the side streets, the outlying sections and the byways, you will be surprised at the improvement and most of them due to WPA assistance.

The editor and wife have enjoyed having us during the past week all five of our sons and one of our daughters. Harry and Ben came down from St. Louis, Milton from Atlanta, Ga., Charlie and David in Sikeston and Mary from Cassville. Along with these children came a few grandchildren to make fun and show they are real children not a single one of them a sissy.

Mrs. Betty Matthews, Miss Margaret Clymer and Mr. and Mrs. Chas. Hazel of Poplar Bluff, went to St. Louis Thursday morning to spend several days.

Miss Aline Malin of St. John, Kansas, is the guest of her brother-in-law and sister, Dr. and Mrs. H. E. Reuber.

A Wallace Aerial Survey plane of Spokane, Washington, arrived at the Sikeston Airport Tuesday afternoon and the mapping of 12,133 square miles of Missouri farm land.

Counties to be covered by this method this summer are the following: Callaway, Cape Girardeau, Bollinger, Butler, Dunklin, Franklin, Jefferson, Lincoln, Mississippi, Montgomery, New Madrid, Pemiscot, Pike, Ripley, Scott, Stoddard, St. Charles, St. Francois, St. Louis, Ste. Genevieve and Warren.

According to George Nilson, photographer, and Ira Bortels, pilot, the work will take anywhere from three weeks to all summer, depending upon the number of clear days suitable for the photographic work. Another plane is expected to arrive later in the week to assist in the work.

According to Photographer Nilson the photographic work is done from an altitude of approximately 14,000 feet, depending upon the altitude of the land being surveyed. This method of surveying the land is naturally much faster than older methods and it has also proven to be more accurate. The survey will be used in determining crop acreages under the farm program, and may also be used in soil erosion studies and in U. S. Geological surveys.

A fairchild plane capable of flying at an altitude of 25,000 feet is used in the work and it is fully equipped with Fairchild cameras, and other necessary flying and surveying equipment. H. R. Wallace, owner of the Wallace Aerial Surveys, is expected in Sikeston about the 22nd of June.

Arrangements were made last week with members of the Airport Committee to use the Sikeston Airport as a base for operations for the survey in this region. If the Sikeston Airport had not been available St. Louis or Memphis would probably have been used as the base.

Scott county is one of the 21 counties in Missouri that will be mapped this summer by means of aerial photography as a part of the Agricultural Conservation Program, according to Carl O. Luper, chairman of the county

committee. The contract for this work involves the mapping of 12,133 square miles of Missouri farm land.

The old Catholic Church building is again on the move to make room for the new edifice. Our personal opinion is there would have been no objection in the first place if it hadn't been a Catholic institution.

Don't overlook the mill tax. It may be that an inspector will call you before a Justice of the Peace who may fine you \$50 and costs, or give you a jail sentence. The customer is to pay and the merchant is to collect.

If we were betting on the prize fight between Braddock, a white man, and Lewis, a yellow man, we would place our money on Lewis as he is as active as a cat and can worry big Braddock down, then give him the works. The only place that Braddock can hurt the negro is to step on his heels or kick his shins.

Charlie Pikey, of Conran, was a Sikeston visitor Monday and while here paid a social visit to The Standard office. Charlie is one of the substantial citizens of New Madrid county, a 100 per cent Democrat and a perfect gentleman. He reports his father, the Hon. Sam Pikey, as being quite well and active for a man of his age.

Last Sunday many tractors and teams were in corn and cotton fields to break the crust formed by recent heavy rains and to kill weeds and grass that were fast choking out the growing plants. Some binders likewise were laying low wheat that was ready for the sickle. At this time crop conditions over Southeast Missouri look very promising.

I WILL OIL-PLATE YOUR ENGINE

in next to no time

And even quicker I can plainly state how it saves your oil and your engine to change to Oil-Plating. After I put in Conoco Germ Processed oil, which is the only oil that forms Oil-Plating, let's say you run a bit and then want to park—a few minutes or maybe hours. But every drop of Germ Processed oil will not drain back down into your crankcase like an everyday oil. Instead of that, a definite amount of this oil is always left closely plated all over the pistons, cylinders, bearings and other parts, from the bottom clear to the top of your engine. You'd say that the oil is united for good, to every working surface. I don't know of anything that will make Oil-Plating let go, no matter if you want to stop and start at every doorway, or make 500 miles a day across the mountains. Staying in place and not just splashing on and off, Oil-Plating can't leave the usual openings for friction and wear. Your smooth, quiet, cool-running engine will certainly make you notice that, and of course, your own eyes will see Conoco Germ Processed oil staying up around full.

NOTICE—This letter was received today from Forrest Smith, State Auditor, Jefferson City.—C. E. Felker

STATE OF MISSOURI

Office of the State Auditor
Jefferson City, Mo.

C. E. Felker,
Dear Collector:

This is to advise that the Governor has signed House Bill No. 70, directing the Collector to accept the original amount of delinquent taxes as charged against any such person or real estate relieved of the penalties, interest and cost accrued upon the same, EXCEPT the commission of said collectors of revenue as the same is now provided by law for the collection of delinquent taxes.

Provided, however, that such remission of penalties, interest and costs shall be in full if said taxes are paid not later than June 30, 1937; if paid after June 30, 1937, and not later than August 31, 1937, then such remission shall be 75 per cent of such penalties, interest and costs. If paid after August 31, 1937, and not later than October 31, 1937, such remission shall be 50 per cent of such penalties, interest and costs; if paid after October 31, 1937, and not later than December 31, 1937, then such remission shall be 25 per cent of such penalties, interest and costs. Provided further that after December 31, 1937, all penalties, interest and costs as aforesaid shall be restored and be in full force and effect for the full period of time since their accrual and as if this act had not been passed.

Yours very truly,

FORREST SMITH,
State Auditor.

NEW MADRID COUNTY FOUR-H CLUB REPORTS

Better Farmer's Club

The Better Farmers Cotton Club of the Neumann community met with their local leader, Harold Slosa, June 5th; cultivation and thinning of cotton was discussed.

After the business meeting and the leader had put his O. K. on the record books, games were played by all.

At our next meeting, we are to inspect the cotton patch of each member.—Joe Haubold (Reporter).

CHURCH OF NAZARENE TO OBSERVE FATHER'S DAY

Father's Day will be celebrated next Sunday at the Church of the Nazarene, according to Rev. C. F. Transue, pastor. The oldest father present will receive a prize, as well as the father bringing the largest crowd to the services.

The subject for the Sunday morning service will be "Without Faith," and for Sunday night, "The Harvest Past."

Rev. Transue announced that \$550.00 had been collected to date in the drive for new church pews started last Sunday night. The installation of the pews is estimated to cost about \$1200.00 and present plans are to have them by the first of September.

Approximately 80 people are enrolled in the vacation Bible School which closes Friday, June 25. At that time there will be an outing for the young people and a program of plays and materials studied in the vacation school will be given.

LEAVES FOR CAMP

Miss Betty Roth will leave Saturday for Camp Miniwanka, near Muskegon, Mich., where she will spend the month of July. Mrs. Roth will drive her daughter to St. Louis where she will join her cousin, Miss Patsy Roth and several girls, for the trip to the camp.

AUXILIARY CELEBRATED FLAG DAY JUNE 14

The American Legion Auxiliary celebrated Flag Day, June 14, at the home of Mrs. C. C. Cummings.

Mrs. Cummings arranged a very interesting program consisting of a paper telling the History of Our Flag. Two readings and a cornet duet.

Those taking part were Betty Wayne and Mary Jane Cummings, little Miss Ross and the hostess.

At the close of the program a social hour was enjoyed. The next meeting will be held on Monday evening, June 28.

WPA, Highway And U. S. Officials To Inspect Levees

Sikeston WPA and Highway officials left early Wednesday morning to accompany Matthew S. Murray, state WPA director, and Col. Eugene Rebold, district U. S. engineer of Memphis, on a three-day tour on inspection of Mississippi river levees from

Cairo to Memphis. Governor Lloyd C. Stark was to have accompanied the party as a guest of Col. Rebold but was unable to do so because of the funeral of Mrs. Champ Clark which was held at Bowling Green, Mo., Wednesday.

Those from Sikeston accompanying the party on the inspection tour were C. L. Blanton, Jr., Capt. A. D. Sheppard, Frank J. Noonan and Jimmie Matthews. H. G. (Chili) Simpson of Charleston accompanied the party on the boat U. S. S. Inspector as well as Adj.-General Lewis M. Means and Major Burdick.

Mr. Murray drove down late Tuesday night and was met at Charleston by Capt. Sheppard, C. L. Blanton, Jr., and others.

JOLLY TWELVE CLUB MEETS WEDNESDAY

Mrs. W. O. Scott entertained the Jolly Twelve club Wednesday afternoon at her home on Kendall street. Invited guests were Mrs. Ernest Hedden, Mrs. Walker Uht, Mrs. Wm. Carson and J. Z. Sutton.

Gables To Celebrate Redecoration

The Gables Night Club, three miles south of Sikeston on Highway 61, considered by many as the most up-to-date night club in Southeast Missouri, will begin a week of celebration of the recent enlargement and redecoration next Monday night, June 21.

Recent enlargements have doubled the dancing floor space as well as the table room and the entire interior has been redecorated.

The Club will feature for the entire week beginning June 21, Gil Wilson and his well known 9-piece band and the five Dixie Darlings direct from New Orleans. The master of ceremonies will be "Skeet" Camerson.

THE PRESBYTERIAN CHURCH

Morning Worship — 9 o'clock. Subject of sermon: "A Paradox—Bear Your Own Burden; Bear One Another's Burdens."

At the Evening hour, 8 o'clock, the pastor will begin a series of sermons on the prayer, commonly called 'The Lord's Prayer,' but which rightly should be called 'The Disciples' Prayer.' The first of this series which will be given on Sunday evening is, "The Fatherhood of God," on the text, "Our Father which art in Heaven." The other sermons which will follow on successive Sunday evenings are:

June 27th—"Hallowed Be Thy Name." July 4th—"Thy Kingdom Come, Thy Will Be Done." July 11th—"Give Us This Day Our Daily Bread."

CONGRATULATIONS TO CHARLESTON

Business interests in Charleston are floating among the clouds now because hustlers of that town have raised sufficient money to obtain a shoe factory to be operated by the Brown Shoe Company of St. Louis. Can't blame the boys over there for growing enthusiastic over such an enterprise. Considerable cash had to be put on the barrel head to get it but think of the blessings that will come to families of modest means whose members may find employment at fair wages. And these thousands in wages distributed every week or two will take up the slack in business brought about by crop failures and other agricultural misfortunes. Incidentally, Charleston has gone through enough disasters—financial and otherwise—in the past fifteen years to take the heart out of iron men but folks over there are not quitters. They are intelligent, courageous and don't seem to know when they are whipped. Congratulations are in order.

INAID FLOOR COVERING AT A PRICE

A number of very pretty patterns—perfect goods, marble, tile and floral designs in perfect harmony. Not a large amount of this purchase hence to take advantage of the saving, better come early. Our price on this excellent inlaid floor covering is 85c per square yard and I challenge you to equal it elsewhere, mail order houses or local. It will easily wear five times as long as good grade felt base printed material. That gives you an idea of its durability. Easy terms on everything.

IMPROVED SERVICE ON LINOLEUM

A new man in charge of this department—new arrangement of stock with many additions—altogether new life is evident already because the laying is supervised by an expert who knows what it's all about. Sales are stepping up rapidly because buyers are being pleased with the work we turn out. Your business in that line is solicited on a guarantee of satisfaction. Easy terms on everything.

ANOTHER WORD TO JUNE BRIDES AND GROOMS

Salesmen at our place have had years of experience in serving newly weds. They have a list in their minds of all the different staple items needed in starting a home. To be sure they leave selection and price range to customers but in many cases their suggestions are valuable to the trade. And young people may be assured our force will exert every possible effort to help patrons choose wisely. It is not only our desire to sell the first bill but also the second and third and so on. We regard it of first importance that ALL customers be SATISFIED customers. Easy terms on everything.

KEEP COOL WITH FRIGIDAIRE

Doctors offices, lawyers quarters, beauty parlors, barber shops, bedrooms, living rooms, in fact most everyplace, home or business may now be kept comfortably cool with Frigidaire Room coolers at modest cost. They are kept in stock just as Frigidaires are and installed at a price set by the Company which is low. Don't wait till the thermometer drives you to it. Have one installed now and be ready for temperature of one hundred in the shade. Easy terms on everything.

Library To Be Moved
To South Grade School

On the 24th of June the Library will be moved from its present location in the Scott County Milling Company building to the south grade school, and will be open there at the usual hours on the following Saturday morning, June 26. When it became necessary to find another location for the library, the School Board offered the use of space in the school building until the new Library is constructed.

Hours will be observed as usual on Saturday, June 19 and Monday, June 21, at the rooms in the Scott County Milling Company building.

Air Guns Outlawed and East Acres Restrictions Set by Council

At a special meeting of the City Council Wednesday night an ordinance was passed prohibiting the firing of air guns and other similar devices on the streets, sidewalks and other city

property within the City of Sikeston. Officers catching boys with air guns are to confiscate them immediately.

Steps were also taken in setting building restrictions in the East Acres Addition, between the high school building and Highway 61, at \$2500.00, this sum not to include any outbuildings or improvements of grounds. Ordinances will be drawn up at a later date setting the restrictions on the lots in this addition which border on the highway.

The salary of W. A. Singleton, police official, was raised to \$100, per month in view of the fact that his hours are much longer during the illness of Night Marshall Gid Daniels.

This meeting of the council came to close to a record for shortness of session and amount of business transacted.

Louise Davis Weds

Austin Chandler of St. Louis

Miss Louise Davis, daughter of Mr. and Mrs. Pat Davis, and Austin Chandler were married in St. Louis at 11 o'clock Wednesday morning at a Methodist Parsonage.

The bride was graduated from the Sikeston High School in 1935, and has since been employed in the WPA office in Jefferson City.

Mr. Chandler is an electrical engineer and has an office in St. Louis. His parents reside in Columbia, Mo.

The young couple will make their home in St. Louis.

DONIPHAN MAN WINS CHECKER TOURNAMENT

In a checker tournament held at Doniphon Monday night, P. J. Burford, local champion, defeated Willie Ryan of New York in a four game contest, three of which were draws and the fourth completed with a score of 1 to 0 in favor of Burford.

Ryan is considered one of the best checker players in the United States, being known as "America's Expert."

Roy Alcorn attended the tournament, as did checker enthusiasts from Columbia, Springfield and Poplar Bluff.

Mr. and Mrs. Harry Young and son Dick visited Tuesday with Mrs. Young's parents, Mr. and Mrs. Chas. Penny in Poplar Bluff.

Mr. and Mrs. Norman Davis returned Wednesday night after spending several days in Vincennes, Ind.

Mrs. A. T. Douglas of Senath is spending the week with her husband in Sikeston.

Notice To Sikeston Tax Payers

CITY OF SIKESTON

Office of the City Collector

Wednesday night the City Council authorized the following notice printed in Sikeston Papers.

This is to advise that the Governor has signed House Bill No. 70, directing the Collector to accept the original amount of delinquent taxes as charged against any such person or real estate relieved of the penalties, interest and cost accrued upon the same, EXCEPT the commission of said collectors of revenue as the same is now provided by law for the collection of delinquent taxes.

Provided, however, that such remission of penalties, interest and costs shall be in full if said taxes are paid not later than June 30, 1937; if paid after June 30, 1937, and not later than August 31, 1937, then such remission shall be 75 per cent of such penalties, interest and costs. If paid after August 31, 1937, and not later than October 31, 1937, such remission shall be 50 per cent of such penalties, interest and costs; if paid after October 31, 1937, and not later than December 31, 1937, then such remission shall be 25 per cent of such penalties, interest and costs. Provided further that after December 31, 1937, all penalties, interest and costs as aforesaid shall be restored and be in full force and effect for the full period of time since their accrual and as if this act had not been passed.

Yours very truly,

ELMOS TAYLOR,

VACATION CHURCH SCHOOL

At Presbyterian Church

The Vacation Church School which has been in progress at the Presbyterian Church for the past two weeks will close Friday, with a Commencement program Friday evening at 8 o'clock.

Miss Mariana Kimbrough, a trainee from the Assembly's Training School at Richmond, Virginia has been in charge of the school.

A total of approximately forty-five children were registered at the school and thirty-one will complete the two-weeks course. Diplomas will be given these thirty-one who are completing the course at the Commencement program Friday evening.

The exercises Friday evening will consist of songs which were learned during the two weeks' school, a display of the hand-work done and a program given by each of the four departments showing the type of work done in their department.

The school is designed to give the children a better knowledge of the Bible, teach the program of the church (not particularly the whole church) and instill in them principles for Christian living. The courses this year were: Intermediates, a course on "My Church" taught by Mrs. Arch Woodney; Juniors, "Riches to Share" a course on the stewardship of property, Time, Talent, Body and the Whole of Life, taught by Mrs. Ruby Hamby Primaries, "My Father's Business" taught by Miss Kimbrough, and the Beginners, "Our Happy World" taught by Miss Jewell Bishop.

FREE TALKING PICTURES
AT BENTON JUNE 23

Two hours of talking pictures, featuring the film dramatization of the famous 4-H novel, "Under the 4-H Flag" will be shown free to the people of Scott county next Wednesday, June 23, at 2:30 and 8:00 p. m. according to an announcement made this week by County Agent Veatch.

The show will be given at the Community Building in Benton. The program was produced primarily in the interest of the 4-H movement but families and friends of 4-H members and all other interested in agriculture are invited to attend. In addition to the six-reel feature picture, a 4-H news reel showing important events in the 4-H and agricultural calendar, an education short called "Hidden Values" and a cartoon comedy will be shown.

Of further interest to those who attend the program is a contest whose award money totals \$2,000 which is being held concurrently with the showing of the picture.

The twenty-four counties whose attendance at the show is greatest in proportion to the counties' rural population will share in \$2,000 in awards. The county winning first award will receive the first prize of \$1,000 which will be turned over to the county club project for use in 4-H programs.

The feature picture is an all-talking film version of the celebrated 4-H novel, "Under the 4-H Flag" by John F. Case, editor of the Missouri Ruralist and former president of the Missouri State Board of Agriculture.

The story is, in effect, the projection of old-fashioned ideals and principles through a colorful and fast-moving drama. It has a lot of good sound constructive thinking about agriculture in general and 4-H in particular but it also has its share of dramatic thrills which involve the sinister doings of a gang of counterfeiters who have a secret rendezvous in a cave near an old farm where the hero—a body who is just getting interested in 4-H work—and his family live. It moves at a rapid pace through mysterious warnings, shots in the dark, a summer full of hotly contested 4-H projects and competitions, and reaches a smashing climax at the International Livestock show.

in Chicago where the mystery is unraveled and the rascals brought to justice.

DR. CHRISTY ENTERS
RACE FOR GOVERNOR

Jefferson City, June 15.—Dr. John G. Christy, twice Speaker of the House of Representatives, announced here today he intended to "wage a strong and vigorous campaign" for the Democratic nomination for Governor in 1940.

The speaker, a Festus, Mo., dentist by profession, became the first formally to enter the next gubernatorial race.

"We have just finished a long, hard session of the Legislature and I am anxious to get back into my practice and forget politics for a time," he said in a prepared statement.

"Naturally, I am ambitious and my friends over the state are advising me to enter the race for the governorship in 1940."

"That is a long time off; but, unless something unforeseen occurs, it is my intention to wage a strong and vigorous campaign for the Democratic nomination for the governorship of Missouri in 1940."

PRISONER TRIES
SUICIDE IN JAIL

Harold Sparks, a paroled convict charged with theft of five dollars and entry of several

Charleston homes, tried to commit suicide in the County Jail last Friday. The first time he slashed his wrists with a piece of glass and the next time used a safety razor blade. The prisoner bled freely but stitches were taken and the wounds closed.

Investigation of his record reveals that he is on parole now

NEW MADRID COUNTY SCHOOL NEWS

By Milus R. Davis

The first examination was held in March and the last one will be on August 6 and 7. Mabel B. Taylor of the Fairview School is the only person that has made a second grade certificate this year. For the past six years, not a single person has made a first grade certificate.

The arithmetic questions on teachers' examination this time were:

1. Write the following tables of measure: Liquid, Weight, Linear, Time, Cubic.

2. Name five cautions to observe in writing a check on a bank.

3. An electric lighting company charges 8¢ per kilowatt hour for the first 20 kilowatts of current a month, 7¢ a kilowatt hour for the next 10 kilowatts, and 6 1/2¢ per kilowatt hour for the next 170 kilowatts. At this price how much does a man pay for 84 kilowatts of current used in a month?

4. Find the L. C. M. of 16, 64, and 24. 1 3/5 divided by 2 plus 6.7 equals what? 632 divided by .016 equals what?

5. A merchant's cash price for a chair is \$8.50. His credit price is \$9.18. What per cent of the cash price has been added to make the credit price?

6. A driveway 48 feet long and 9 feet wide is to be covered with three-inch layer of crushed stone. Find the cost of the stone at 85¢ per cubic yard.

7. A ladder 25 feet long is placed against a silo so that the top reaches an opening 24 feet from the ground. How far from the silo is the foot of the ladder?

8. A man made a circular flower bed 12 feet in diameter. In a circle 9 inches from the edge of the flower bed he planted tulip bulbs 6 inches apart. How many bulbs were required? (Use $\pi = 3.14$.)

9. Find the difference between the bank discount and the true discount on a debt of \$15,000 due in 90 days at 6 per cent.

10. Mr. Locke can buy a 4 per cent \$1,000 bond at 85 or a 4 1/2 per cent \$1,000 bond at par. On which bond would the current yield be higher?

How many of these can you work? The grades made by the applicants ranged from 16 per cent to 84 per cent. All of these are eighth grade problems but some of them are a bit tricky.

Colored teachers who took the examination were: Fannie L. Thompson, Bertha H. Diggs, Willie V. Ellis, Alberta Henry, Richard L. Scaife, Robert T. Jones, Adelia Minner, Lula Battle, Adeline B. Hatcher, Beatrice Riley.

Champ Clark's Widow Succumbs in New Orleans

New Orleans, June 15.—Mrs. Champ Clark, widow of the famous Democratic speaker of the

National House of Representatives, died here today at 9 a. m. after a long illness. She died at the residence of her daughter, Mrs. James M. Thomson.

Her husband died March 2, 1921, just prior to the inauguration of President Harding. Until that year Mrs. Clark lived in Washington during the 28 years her husband was a member of the House of Representatives and took a public interest in the cause of peace and woman suffrage.

Mrs. Clark was a pioneer in the suffrage movement and joined her husband in the study of subjects connected with American history. She was student and authority on the life and times of Jefferson Davis, was a member of the Presbyterian Church, an early member of the Daughters of the American Revolution and was a member of a number of cultural and charitable organizations.

Champ Clark was speaker of the House for two years prior to the Wilson administration and for six years during the administration of President Wilson. At the time of his death he was minority leader of the Democratic party in the House.

Mrs. Clark was born before the war between the states, Genevieve Davis Bennett, on a farm near New Bloomfield, Calloway County, Missouri.

She was the youngest of seven brothers and sisters, children of Mary McAfee, a member of a pioneer Virginia family, and Joel D. Bennett, of Madison County, Kentucky, descendant of a pioneer Maryland family.

She was one of the first women students to enter the University of Missouri.

After Champ Clark's death Mrs. Clark resided at Bowling Green usually during the summer and visited her daughter, Mrs. Thomson, in New Orleans during the winter months.

In recent years, due to her failing health, she has spent her life largely at Mrs. Thomson's home.

Mrs. Clark is survived by two children, Bennett Champ Clark, United States senator from Missouri, and Mrs. Thomson, wife of the publisher of the New Orleans Item-Tribune.

She is also survived by a brother, George Bennett, and a sister, Mrs. Mary B. Herndon, of Fulton, Missouri.

Mr. and Mrs. B. F. Marshall and son Benny of Blodgett, Mrs. Florence Marshall and granddaughter, Betty Ann Northington, spent Sunday in Cairo, Ill.

Mr. Felker states that a total of \$11,003.17 in income taxes has

been collected from 283 persons who have to pay such a tax. Mr. Felker further stated that by collecting from every one on the books in Scott County, no names will have to be certified to the State Auditor's office.

Income tax collection for 1937 are almost double those of last year, the 1936 collections being \$5,792.00.

Tuesday, June 15, was the second quarter deadline for income tax payers. Officials in Washington predicted that total government collections would fall between \$500,000,000 and \$600,000,000 for June. For the first 11 days of the month, the total was \$55,000,000 or 37 per cent above the same period a year ago.

A 17 per cent drop in March income tax collections under the \$840,000,000 budget estimate brought the U. S. Treasury's present preliminary investigation into alleged tax evasions and avoidance.

A policy of disclosing names of alleged tax dodgers received approval in Washington this week of two leaders of the congressional tax inquiry. Chairman Harrison, Democrat of Mississippi of the Senate finance committee, favored letting the country know the names of tax dodgers. Chairman Doughton of the House ways and means committee expressed agreement, after both leaders had been to the White House for a conference with President Roosevelt.

Mary Ann Frewerd left Wednesday for Chicago, Ill., where she will spend the summer with her uncle and aunt, Dr. and Mrs. Harry Mock. Mrs. Frewerd and Mrs. George Steel accompanied Mary Ann as far as St. Louis, and remained there for several days.

Green Lescher of Glendale, Calif., and Guy Lescher of Chicago, arrived Tuesday afternoon to spend the remainder of the week here. Both are sons of the late Judge and Mrs. J. C. Lescher and are natives of Sikeston.

Mr. and Mrs. B. F. Marshall and son Benny of Blodgett, Mrs. Florence Marshall and granddaughter, Betty Ann Northington, spent Sunday in Cairo, Ill.

Mr. Felker states that a total of \$11,003.17 in income taxes has

BARATHEA
DROP-STITCH WHITE
SCREEN-WEAVE

Out of the seemingly endless brigade of white and off-white Palm Beach weaves produced for you this summer we highlight three effects of really irresistible smartness.

BARATHEA—most famous white suit in the world—sets the style-pace of the summer parade... Washable, hard to soil, resilient... and suavely responsive to the new soft tailoring, which drapes the body in easy, natural lines.

DROP-STITCH WHITE—woven with a narrow self-tone, silky stripe. Highly distinctive, sharp-

ly personal, yet strictly in good taste. Cool to the eye—remarkably cool to wear.

SCREEN WEAVE—a super-porous weave that invites cool air to bathe the body and expels the warm air next to the skin. A distinguished fabric—shape retaining and handsome.

Other Palm Beach weaves of high interest... GAME FEATHER FLECKS, HI-LAND TWISTS, SHARKSKINS, HARLEQUIN STRIPES, SOLAR WEAVE... all in effects, new and distinctive.

M. E. CHOIR IN SACRED CONCERT SUNDAY EVENING

A Sacred concert will be given by the choir of the Methodist Church Sunday evening at 7:45. They will be assisted by Moray Gaty of Bertrand, an outstanding tenor of Southeast Missouri, and Mrs. Harvey Johnson and Miss Catherine Cook, two violinists of Sikeston. This promises to be an excellent program. A special offering will be taken to apply on the purchase of vestments for the choir as more robes are needed since the choir has increased in number.

THE PROGRAM:
Organ—The Heavens are Telling, from "The Creation", Haydn Hymn—Softly now The Light of Day Doane Gottschalk

Solo—if With All Your Hearts Judson Boardson Jr.

Male Quartet—Dreams of Galilee—Sleeper Morrison

James Lewis, John Dover, Bill Van Horne, Judson Boardson Jr.

Anthem—Even Song Charles Wakefield Cadman

Offertory—Sunset and Evening Bells Federlein

Anthem—Send out Thy Light Gounod

Postlude—Allegro Pomposo Lacey
